### **MEDIA ALERT**

Bagby Restaurant Group announced today that they will open two new restaurant concepts in the Bagby Building, located on Fleet Street between Harbor East and Little Italy.

TEN TEN, located adjacent to Bagby Pizza Company, is tentatively scheduled to open in September. TEN TEN, a contemporary bistro, will be open for lunch and dinner and will offer innovative, healthy and affordable dining options.

TEN TEN offers a warm urban setting with a contemporary American menu at affordable prices. It's a neighborhood café, elegant bistro and eclectic tavern all balanced into one beautiful and inviting space. The varied menu is crafted to fit any mood from casual bites to special occasion, making it the perfect place for a quick bite, intimate meal for fun gathering place with friends.

The opening date for the second restaurant, Fleet Street Kitchen, an open-kitchen, farm-to-table style will be announced later this summer.

Two Executive Chefs, Christopher Becker, former executive chef at The Wine Market and Mark Davis, formerly of The Woodfire in Severna Park and Baltimore Country Club who joined Bagby Restaurant Group last month, will direct the culinary elements of Bagby Pizza Co., TEN TEN and Fleet Street Kitchen.

The new restaurants will add to the energy Bagby Restaurant Group has created by opening Bagby Pizza Company, which has sold more than 31,000 brick oven pizzas since it's opening in October of 2009.
